

Street Department Notes
07/06/2020

- my crew did have to remove a few problematic trees requested by homeowners
- they stayed busy
 - cleaning up stick piles
 - running the trash route
 - mowing
 - providing maintenance on equipment
- I hope sometime next week we are going to start repainting yellow curbs, that should improve the looks of our downtown greatly
- If you have any questions or just want to check in feel free to give me a call.

Thanks, Tony
